

Constitution & Ethics Help Guide

About:

Constitution & Ethics Version 1.0.0

Copyright (c) 2020-2023 by Mark L. Alberi. All rights reserved.

Constitution & Ethics executable is an embedded rich text file (rtf) format document reader application. It extracts Constitution & Ethics documents that are also on line and displays them in wordpad.

Description:

The embedded documents that are automatically loaded into wordpad are binary embedded & encrypted U.S. Constitution and ethics documents and then discarded preserving the integrity of the binary originals once wordpad is closed. See Image 1, Constitution & Ethics GUI Interface.

Controls:

About:

Gives an application summary about description.

Help:

There are three toolbar pull downs; Website, Local & License.

Website:

Selecting Website will load <https://softglue.net> into the browser to contact softglue for help, view this help document and FAQ's on line. There are no FAQ's for Constitution & Ethics application. It's self-explanatory and all FAQ's are answered in this help document.

Local:

Selecting Local will load this help file into the PC's default pdf reader for reading.

License:

Selecting License will load the softglue user license into wordpad for reading.

Checkboxes:

There two checkbox controls; Constitution & Ethics. Checking either will load the Constitution or ethics document respectively into wordpad. Checking both will load both documents into wordpad Unchecked which is default, disables the OK button.

OK Button:

Loads the Constitution & Ethics documents into wordpad.

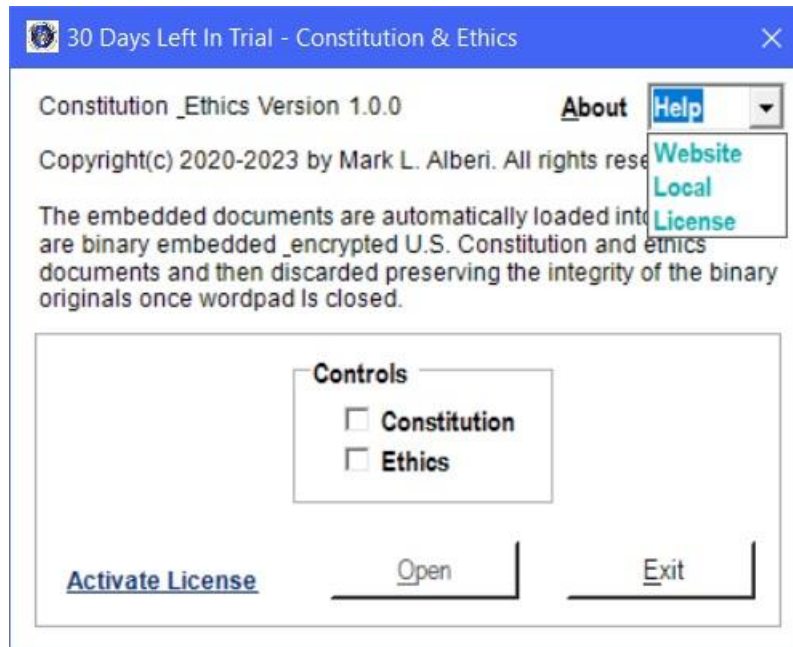

Exit:

Closes the Constitution & Ethics application.
